

Ilan Lenzner

Senior Product Designer

+972-54-567-6468 · ilanlentsner@gmail.com · ilans.net · LinkedIn · GitHub

PROFESSIONAL SUMMARY

Senior Product Designer with 20+ years designing digital products across SaaS, healthcare, gaming, and ad-tech. I lead design from research through production — design systems, complex workflows, cross-functional team leadership. My edge: I also build. From prototypes in Figma to production code in React, I bridge the gap between design intent and shipped product. Most recently designing AI-powered creative tools at Sett, used daily by a 100+ person production team.

CORE COMPETENCIES

Product Design

Figma (Advanced Prototyping) · Design Systems · UX Research & Usability Testing · Interaction Design · Information Architecture · Accessibility (WCAG) · Prototyping · Motion Design

Technical

React · TypeScript · HTML/CSS · AI & LLM Integration · After Effects · Blender · Adobe Creative Suite

PROFESSIONAL EXPERIENCE

Senior Product Designer, AI Tools

Sep 2025 — Present

Sett

- **Designed 45+ AI production tools** for playable ad teams — owned end-to-end UX from user research through shipped interfaces, adopted as daily tools by a 100+ person creative team
- **Led UX for an AI character animation system** — user flows, interface design, and interaction patterns that reduced asset creation from 4 hours to 15 minutes
- **Designed 5 After Effects extensions** with the motion team — embedded AI capabilities directly into designers' existing workflow, eliminating context-switching
- **Built and maintained the design system** across all internal AI tools, ensuring consistency across 15+ production interfaces
- **Designed a native macOS drawing app** with Procreate-inspired UI — collaborated with the art team to fit real concept art workflows

Design Lead, Digital Health

2023 — 2025

Rabin Medical Center (Clalit Health Services)

- **Designed clinical dashboards and patient-facing interfaces** used across 4 hospital departments, improving data accessibility for medical staff
- **Led UX for AI-powered patient engagement systems** — user interviews with physicians and nurses, translating clinical needs into intuitive interfaces
- **Created 3D surgical planning visualizations** — collaborated with surgeons to translate DICOM imaging data into interactive planning tools
- **Established hospital-wide design guidelines** for generative AI tools, adopted across departments

Product Designer

2022 — 2023

PlayBatch, Tel Aviv

- **Led UX/UI design for AI-powered creative tools** as sole designer on an 8-person product team
- **Designed automation interfaces** that replaced manual creative workflows, streamlining content production

Product Designer

2020 — 2022

Bites

- **Designed B2B SaaS platform** for employee engagement and training serving 10,000+ users across multiple enterprise clients
- **Built a comprehensive design system** that reduced developer handoff friction by 40% and accelerated feature delivery

Creative Director

2013 — 2020

justAd (2013–2017) → Market Group (2017–2020)

- **Directed a team of 12+ designers, copywriters, and developers** across interactive mobile ad campaigns for Fortune 500 clients
- **Created modular ad template systems** that cut production time by 60%

Rich Media Design Specialist

2007 — 2013

eyeblander (MediaMind / Sizmek)

- **Designed and launched 500+ rich media campaigns** for global agencies including WPP, Publicis, and Omnicom

Earlier: 3D & Motion Designer at Gorni Digital, DPSI, ScanMaster (2000–2007) · Flight Operations Officer at El Al Israel Airlines (1995–2000)
